Application Form for Project-Based Access

TEXTIL TRYCK
Malmö
Korsgatan 6

KKV-Textiltryck Malmö is a non-profit association dedicated to enabling professional artists, craftspeople, and designers to work with textile printing in shared workshop facilities.

At KKV-Textiltryck, it is possible to apply for access to work on a specific, one-off project. Applications are evaluated based on education, experience, motivation, and the project description.

The application must be based on a concrete, well-described project. The project must relate to textile printing or dyeing and include a specific description of the need for the equipment and facilities available at KKV-Textiltryck.

Before applying, please review Textiltryck Malmö's criteria and guidelines for project-based access, available on the website www.textiltryckmalmo.se.

The minimum project duration is one week and the maximum is three months; an extension of one additional month may be applied for thereafter. Applications are accepted on a rolling basis throughout the year.

The workshop rental fee is 1,000 SEK per week. If individuals other than the project owner work on the project, they must pay an additional daily fee of 100 SEK per person. Consumable fees and other costs apply according to the current price list.
